Local sports were full of the rumor Monday that Art Simms had been matched to fight Terry McGovern, and there were many speculations as to the conditions of the match. It was discovered, however, that there is no more prospect now than there has been for a match between these two fighters.

The Akron fighter has been after Terry for a long time and has challenged the New Yorker for a match, allowing Terry to make nearly all the conditions.

Sam Harris and the fighter himself have steered clear of the Akron man and have done the same thing whenever any good man approached them, so that it has been difficult to make a match. Now that Terry has signified that he is willing to take on some of the ambitious corners, it has seemed as though Simms would have a chance to get a go with him, but as yet nothing definite has been heard regarding the match.

#### RACE MEETS.

This is a boom time for the race meets in Northern Ohio, and all over the north. The big race meets in the east are superior only to the meet which was opened on the Newburg track at Cleveland, Tuesday, when a big field was out and a big crowd was present to see the races.

The Chagrin Falls fair opened Wednesday and the crowds are large. A good list of races has been prepared and some good sport is promised for the remaining days of the fair.

#### ENTRIES FOR AKRON'S FAIR.

As the list of entries for the races at the county fair continues to grow, it is shown that there will be a number of excellent events when the fair has started. The entries will close Saturday and by the way horseowners are getting into line, they will be crowding each other when they come before the starters at Fountain park.

#### WASHER AT COLLEGE.

William "Buck" Washer has departed for the east, where he will enter the University of Pennsylvania. While "Buck" goes as a student, it is understood among his Akron friends that his ambition will be to identify himself with athletic affairs at U. P. Whether or not he will try for a place on the "Varsity" team this fall remains to be seen, although the teams at the U. P. are pretty well selected by this time.

#### BOWLING MATTERS.

Bowlers are busy. All over the country their doings are being chronicled and in Akron the players are as busy as they are any place else. The formation of the city league and the excitement of the contests last year were the cause of a sustained interest in the game here that enabled the formation of the league while it was yet summer, and long before there was any active attempt at bowling in the city.

All of the teams except one that were in the game last year have gone into the contest this year and there is every prospect that this will be one of the biggest bowling years in the history of Akron.

The time for out door athletics is nearly over. With the passing of the football and golfing season the athlete will turn to some form of indoor enjoyment. Bowling has solved the question of what to do to many minds and this is one of the things that have justified the addition of more alleys to the number that have already existed in the city.

#### FOOT BALL RULE.

The football rules this season will not have any radical changes and will only make more definite and explicit the rules that were used last year. There is a feeling among players and lovers of the game that the rules under which football is now played are nearly as good as they can be made and that if they are followed there can be some excellent and gentlemanly

## The Secret

Of womanly health would be esteemed as priceless by thousands of suffering women. Each month sees them moaning in a darkened room. At the best they endure pain every day. At the worst the pain becomes torment.

The secret of womanly health is in keeping the womanly organism in a perfectly healthy state. This can be done by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries debilitating drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Women suffering from chronic forms of disease are invited to consult Dr. Pierce, by letter, free. All correspondence is held as sacredly confidential and womanly confidences are guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for Dr. Pierce's Favorite Prescription. There is nothing else "just as good" for womanly ailments.

"I suffered for more than ten years with female weakness of very bad form," writes Mrs. D. Marwood, of Treherne, Macdonald Co., Manitoba. "I used Dr. Pierce's Favorite Prescription and Golden Medical Discovery with good results. I am able to do all my own work now. I do not know how to thank you enough for the kind advice you have sent me by letter. Your remedies did for me more than all other doctors' medicines, and I have taken lots of them."

Dr. Pierce's Pleasant Pellets cure biliousness.

exhibitions.

There are several slight changes and additions to the rules, but they only make the old ones simpler and easier to interpret.

#### FOOT BALL PRACTICE.

The earnestness with which the college football teams are indulging in foot ball practice has given the local players an incentive, and the Akron bruisers of the various teams may be seen on the fields near their clubs or near their homes, practicing signals and plays and getting ready for the games of the season.

Now that the North Ends are sure of a home in the Walsh block, all speed will be used to fit up the new quarters and make them a home for the club and for the athletic teams that the club would like to place in the field this fall. As a great deal of the practice of the local teams is made indoors the acquisition of the quarters in the Walsh block is very welcome to the members of the North End club.

#### BUCHTEL ATHLETICS.

It appears that there is a sentiment among the followers of the athletic affairs of Buchtel college, that athletics are dead at that place. Such is not the case, however. Although the school will not place a foot ball team in the field this fall there will be plenty of such athletics as are necessary to health and a certain amount of rivalry among the students and all are hopeful that there will be plenty of teams when next season arrives and that the college will be able to back the athletes.

Buchtel has but barely lifted her head after the severe blow dealt her by the fire of last year, and it is the belief of the trustees that athletics should be subordinated to matters more vital to the welfare of the college. Traditions of Buchtel's past fame will not permit athletics to be abandoned, however, and it is sure that there will yet be teams wearing the colors of the college on the hill, who will bring fame to the school and credit to themselves.

#### AKRON GUN CLUB SHOOT.

The Akron gun club will hold a shoot on the North hill ranges Wednesday afternoon. The competitive badges and the cup will be the prizes for which the marksmen will contest and there is every prospect of a day of good sport.

#### AKRON VS. GRANDS.

The Akrons and the Grands will bow a match at the Grand alleys Thursday night. There is a great deal of credit attached to this game as the bowlers of the city are anxious to know what will be the strength of the teams that are entered for the city league tournament.

#### BOWLING MATTERS.

The entries of clubs that will take part in the city bowling tournament were closed at the meeting of the league last night at Brownell's music store. Nine clubs will contest for the city championship this year.

It is a noticeable fact that the Kirkwoods have not entered, for the first time in years. The teams that will enter the contest are the Grands, Sunnits, Polles, Reserves, Akrons, Imperials, Maroons and Ultras. The schedule of the games has been placed in the hands of a committee for preparation and will be ready to report at the next meeting of the league, which will be held next Monday night. The schedule committee is composed of Messrs. H. H. Johnson, O. G. Brownell and Frank Colia.

The money to be spent for prizes to go to the winners of the tournament will amount to \$80. The first prize will be made competitive and club winning it must defend it again next year before it can claim it for its own.

#### THE POOL TOURNAMENT.

The pool tournament that will be held in this city at the Howard st. parlors will be styled a professional tournament and will be watched with a great deal of interest by the lovers of the game.

It was announced Tuesday morning that it is probable that John Rampenelli will not play this year.

Fred Matthews, who finished a close second to Met Hard for the county championship last year has written to Frank Cohn that he will be here for the sport this time. Jack Carroll has also entered the match and there is every prospect of first-class pool when once the tournament gets into swing.

## ACTRESS WHO SHOT REED BIRDS WITHOUT A LICENSE.

Mary Mannering, the well known actress, and her husband, James K. Hackett, were discovered hunting feathery game with one license too few. A warrant was sworn out by a game protective man, and they had to pay \$50 to Delaware as a fine.

## DATES

### For Campaign Openings.

### Nash and Dick Could Not Agree

### Upon Time For the Republican Opening.

### Democrats Will Have Their Meeting at Bucyrus.

Columbus, O., Sept. 25.—Chairman Dick of the Republican State Executive committee has announced that the opening meeting of the campaign will take place at Delaware, as originally arranged, at 1 o'clock in the afternoon of October 10. Both Senators Hanna and Foraker, Governor Nash and Judge Warwick of Urbana, the Republican candidate for Congress, in the Sixth district, will be the speakers. The date was

## Money For Charity School-- Board Made Annual Gift.

Hon. J. Park Alexander made his annual pilgrimage to the Board of Education Monday night, for the purpose of securing an appropriation with which to help along the charity school of the Union Charity Association.

It has been the custom of the Board in other years to give \$200 a year to the association and it was the purpose of Mr. Alexander to have the appropriation increased by \$100. This he was successful in accomplishing after an address in which he explained the work and the aims of the industrial school that is conducted by the association.

Mrs. Fousner will have charge of the school again this year and the rest of the members of the Charity Association.

## Two Licenses For Rockefeller-- The First Was Found Void.

Warwick, R. I., Sept. 25.—(Spl.)—John D. Rockefeller, Jr. and Miss Abbie G. Aldrich are well provided with marriage licenses. Monday, the young people, accompanied by Senator Aldrich went to Providence and procured another license.

On Saturday when they drove over

only fixed after an animated debate between Chairman Dick and Gov. Nash. The latter insisted upon the opening meeting being held earlier, favoring either Oct. 11 or 12. He was overruled by Dick, who insisted that the danger to be apprehended from delay was very slight, while at least thirty days of mourning should be observed for the late president.

The Democratic campaign will be opened at Bucyrus on Oct. 26, just one week later than the Republican campaign opening at Delaware. The speakers at this opening, and all other arrangements, will be the same as announced before the death of President McKinley interfered with the arrangements. This will make the campaign in this State of hardly two weeks' duration, the shortest that has ever been held in Ohio so far as the memory of politicians run. As a matter of course, both parties will make it as vigorous as possible for the short time that will remain to them.

#### CITIZENS COMPLAIN

#### Against the Canton-Akron Electric Railway Co.

A numerously signed petition, in which the citizens of Canton complain that the Canton-Akron Electric Railway Co. is not living up to its franchise in grading for its line in city streets, has been placed in the hands of Prosecutor Robt. Day, of Stark county. They ask the prosecutor to take such steps as will compel the company to live up to its franchise.

Don't forget to visit I. J. Frank's Millinery opening, Sept. 26 and 27. It will be of great value to you.
